Rules Set For Leaf Burning

The Antioch village board Monday night approved regulations for burning leaves.

To get the rules okayed Mayor Robert C. Wilton had to cast a tie-breaking vote.

Trustees Michael Haley, J. Irving Walsh and Ronald Cunningham had voted for the regulations, but William Seemann, Margaret Nelson and Arnold Weber voted against them.

There have been mixed emotions in the village as to whether or not leaf burning should be allowed.

THE REGULATIONS point out that it is still against the law to burn papers, cardboard, garbage or rubbish in the village, and that leaves can be burned only under certain conditions.

The leaves must be properly piled and attended, and no fire can be lit within 50 feet of any structure, nor within 15 feet of a fence or property line.

No burning can be done on streets or sidewalks and all burning must be done during daylight hours.

Persons violating the ordinance can be punished by fines of from \$25 to \$250.

THE TRUSTEES also approved a municipal use tax ordinance Monday night.

The tax is imposed upon the privilege "of using in the village any item of tangible personal property purchased outside the state of Illinois, at retail, and which is titled or registered with an agency of the state of Illinois."

The tax will be at the rate of one percent of the selling price and will be collected by the Illinois Department of Revenue on behalf of the village.

The ordinance takes effect Dec. 1.

IT WAS announced at the meeting that the Chamber of Commerce and the village will begin planting trees in the downtown area on Monday. About 10 trees will be planted each day. Holes already have been cut into the sidewalks.

The village board accepted a proposal from Bemis Construction Co. to install sidewalks, curb and gutters in Jensen Park in the amount of \$3,498.

Gas Station Robber Gets \$1,400

A man wearing a dark green ski mask walked into the Jefferson Gas Station at 974 Main St., flashed a revolver, and made off with \$1,400.

The armed robbery took place last Friday night shortly after 9 o'clock.

It was the second holdup in Antioch in eight days. On the previous Friday two men, one carrying a shotgun, took about \$1,000 from the Jewel Tea Co. supermarket.

Police do not believe the incidents are related.

Randall Vaughn, manager and operator of the gas station, said the man who held him up was a white male, about 6 feet tall, 200 pounds and in his late 20s.

Vaughn said the robber displayed a .32 or .38 caliber steel revolver and told him and his brother, Kelvin, to get into a back room.

The bandit then reportedly seized a bank bag containing about \$1,400 in small bills. Vaughn said the bag was about to be placed in a safe.

Within a couple of minutes the man was gone and the Vaughns came out of the back room and phoned police.

A 17 YEAR OLD—Antioch youth was arrested late Saturday afternoon for unlawful possession of cannabis.

Police spotted him turning right on Main St., off Harden, heading south. They said his tires were squealing and the car fish-tailed. The youth was stopped at the intersection of highways 83 and 173. Inside the car, police said they found a leafy substance believed to be cannabis, and also a tinfoil package containing a powder believed to be a hallucinogenic drug.

Antioch News Wins 2 State Awards

The Antioch News won two awards last weekend in the 1974 Illinois Newspaper Contest, sponsored by the Illinois Press Association.

"The Pfarr Corner," by Jerry Pfarr, a column that appears occasionally in the Antioch News, placed second in the "Best Original Column" competition.

The Antioch News also was one of only three newspapers that received honorable mention for "General Excellence" in Division A, for weekly newspapers under 5,000 circulation.

The awards were announced at the Illinois Press Association

convention in Champaign.

The judges' comments on the Pfarr Corner were:

"Pfarr uses brevity and fast-paced conversation to prove that humor can still be found in about any situation. The column is easy to digest and leaves the reader with a pleasant after-taste. His column examples are highly entertaining and perhaps even a little educational."

UNICEF Drive

The youth of the Antioch Methodist Church will hold a UNICEF Drive on Friday and Saturday to help the children of the world.

The hours will be from 3 to 9 p.m. on Friday and from 9 a.m. to 3 p.m. on Saturday.

UNICEF, the United Nations Children's Fund, says that more than 500 million children in the world suffer from hunger, disease, poverty or lack of education.

Township GOP Endorses 3 For County Board

The Antioch Township Republican Club, at its meeting last Wednesday, unanimously endorsed the slate of Ronald R. Coles, Lloyd E. Murrie and George R. Bell for the Lake County Board in the Nov. 5 election.

Coles, Murrie and Bell are the three Republican members of the County Board who are running for re-election in the Fourth District.

They also were endorsed unanimously by the Antioch Township committeemen.

ACHS Begins Evaluation

Antioch Community High School has initiated a North Central Association evaluation program.

Principal Art Blecke explained that the high school was last evaluated in 1968.

"The NCA requires each member school to undertake a comprehensive evaluation once during each seven-year cycle as a major impetus for school improvement," he said.

Bleck described the phases of the evaluation:

"First we shall analyze the school's community and determine precisely what are the school's governing goals and purposes. Then we shall study our program and procedures to see how successfully we are meeting those goals. During the evaluation, every aspect of the school will be reviewed—student activities, personnel services, health services, instructional materials, staff, physical facilities, financial support and control. The evaluation will

result in suggestions for those modifications and changes that will help the school do an even better job of educating our students."

Bleck estimates that the total self-evaluation will take from 12 to 15 months. Faculty reports from the various subcommittees will summarize the respective strengths and weaknesses of each segment of the school. Each of these reports will then be discussed turn to Page 3

PROPOSED TOWNSHIP PARK PLAN

ILLUSTRATED BY A DEEP LAKE SUBDIVISION RESIDENT, DOUGLAS PLOSS

Lake Villa Township Supervisor Ronald R. Coles said Monday that tennis courts are now open and, despite the cold weather, there is activity at the township park. The toboggan slide is under construction and should be ready for the first snowfall, Coles said. He added that he is now seeking volunteers to help sod the ballfields.

by the total faculty. The final self-appraisal will be of the school as a whole.

To impart additional objectivity to the process, the school will then be visited by a team of educators from outside the district. These educators who volunteer their time and services are teachers and administrators from other NCA schools, university personnel and state department of education representatives.

Bleckie said, "During their visit, the team members will confer with students, teachers, and parents; will observe the teaching and learning process and will study the materials the school has prepared in its self-study. The team's report will offer its conclusions regarding the strengths and limitations of the school as a whole and its various components."

Bleckie said "The most important phase of the entire process then begins. This is the time when the staff reviews and analyzes the recommendations contained in both the self-study and the team's report, agrees on the areas of the program needing strengthening, and devises a schedule of planned steps that will implement the needed improvements."

He summarized by saying, "The evaluation process in-

are equally great." The North Central Association, the nation's largest regional accrediting agency, is

a voluntary association of some 4,000 high schools and 650 colleges and universities in a 19 state region. Its members seek

to improve the quality of education at all levels through a program of accreditation and evaluation.

ACHS Board

Meets Tonight

The regular monthly meeting of the Board of Education of Antioch Community High School will be held Wednesday at 7:30 p.m. in the General Office.

The date was changed from the fourth Thursday of the month to coincide with the date set for approval of the sale of Lake County Area Vocational bonds.

Jaycees

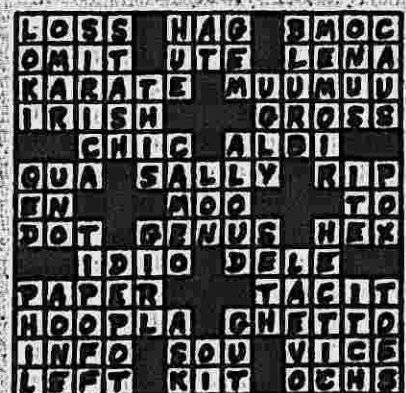

Collect Green Stamps

The Antioch Jaycees are collecting S&H Green Stamps to raise funds for the Illinois Jaycees' planned camp for handicapped children.

Bill Slater is the local chairman of the drive, which is called Project Respond.

Each book of S&H Green Stamps is worth \$2 for the camp. The local goal is 500 books. Slater is asking Antioch residents to send their stamps to Project Respond, P.O. Box 254, Antioch.

They also can drop the stamps off at Stanley's Men's Fashions or The Young Image.

THE BARRY GOLDWATER COLUMN

It's Time for America To Look Out for 'No. 1'

By SEN. BARRY GOLDWATER

One of the things selling American industry and commerce short around the world is a mistaken belief in the word "reciprocity."

Our liberal-radical Congresses, in trade and all other commercial relations with foreign governments, have made a big thing of the word "reciprocity." As a matter of fact, some years ago our Trade Agreement Act was known officially as the "Reciprocal Trade Agreements Act."

The trouble with this is that reciprocity, in many instances, has been nothing more than a myth. Our belief in the idea that if we cut our tariffs and our trade and commerce barriers other countries would do likewise is little more than a laughingstock. It is one of the prime reasons why the United States today is called "Uncle Sucker" in many sophisticated areas of the world.

It is not only the U.S. airlines that have been discriminated against. In my own state of Arizona the citrus fruit industry has suffered from this kind of restriction for a long time.

We have come to that point in our economic development where the United States does not have the abundance to play Uncle Sucker. It does not have what it takes to let the entire world "take us." Through the foreign economic aid program we learned long ago that making concessions to foreign governments or making contributions to foreign governments does nothing to increase their love and respect for the United States.

MORE BILLIONS than I like to think about

have gone right down the drain in a mistaken idea that we were helping the hard-pressed people of the world and that if they ever got on their feet they would rush to our aid in any kind of crisis. It doesn't work that way. It never has. It never will.

It is my firm belief that this government has adequate ways and means to impress upon other nations how drastic our need is and how much to their own benefit it would be for them to help out.

However, it is my belief that our inaction stems more from a lack of plain American "guts" and a mixture of compassion, which is so deeply embedded in all Americans.

We did away with "isolationism" many years ago, during World War II, and if we haven't learned by this time how interrelated are the problems of commerce and industry as well as defense, perhaps we never will.

In every individual's life there comes a time when, for the sake of survival, that individual must drop everything else and look out for "No. 1." I have every reason to believe the same thing applies to nations and I also believe that America's time has arrived.

It's only fair.

Along the way with ANNIE MAE

It's finally here -- the Antioch Community High School students are in the midst of Homecoming week. Floats are being made -- all kinds of goings on for spirit week -- and of course the big parade beginning at 10 a.m. Saturday morning. Don't forget to come out and cheer the Sequoias on at the game either. Sophs play at noon and the varsity game begins at 2 p.m.

This weekend's festivities will also include a 50-year reunion of the graduating class of 1924.

Eight of the 14 members of that class will ride in the Homecoming parade Saturday morning and then gather for dinner at the Colony House in the evening.

It will be the first reunion for the class of '24. Mildred Hucker, who used to come to school in a horse and buggy from south of Lake Villa, will be coming in a car this time. And coming all the way from California will be Alma Cannon Anderson and Beulah Harrison Lathrop.

Jake Drom will be coming from Chicago and the former Ada Chinn from the East Coast. Three of the grads still live in Antioch: Helen Borovicka, Bill Kufalt and Ardis Anzinger. Two others are still living, Albert Tiffany and Letha LaPlante Ogle, but won't be here for the fun Saturday.

Betty and Ken Smouse celebrated their wedding anniversary last weekend with dinner and an evening at the Repertory theatre. Their daughter Betsy also celebrated her birthday at a theatre party for some friends.

How about those Bears winning by one point? Several people from Antioch attended the game at Soldiers Field Monday night. This one was worth freezing for, eh?

Halloween Precautions

Few things bring more cries of outrage than child abuse, whatever its form. And with the arrival of Halloween will come the annual stories about vicious people who deliberately set out to harm children: People who put razor blades in apples, mothballs in popcorn, overdoses of drugs or medicines in homemade candies or cookies. The list goes on and on.

Following are some safety suggestions involving your child's trick-or-treat costume, his journey from door to door, and about the treats he receives.

Costumes should be fire resistant and short enough to prevent tripping. It should be visible to drivers. Teach your child not to enter a stranger's house and set up a curfew and boundary schedule.

Make it unquestionably clear to your child not to eat any of the goodies he receives until he returns home or until a responsible adult has thoroughly examined the treats. The best idea is to instruct your child to accept treats only from friends and neighbors he knows.

Hear tell over 1,600 people attended the Lions Save Your Sight program last Sunday. A nice job for the community guys!

Detroit used to be a nice motor trip, but with the speed limit at 55 mph it becomes a little tedious sometimes. So when Hilma Lightsey went to visit her relatives recently she motored to Milwaukee and then flew over to Detroit in a matter of 55 minutes.

Talked to an ecstatic Mabel Lou Weber who along with her

husband Arnold and her two sisters, June and Jane (Hunter) and their husbands spent two

marvelous weeks in Hawaii. They toured all of the islands, swam in the ocean, collected lava rock and shells and did lots of shopping and sightseeing. Former Antiochite Annabelle Nielsen joined them for dinner on Oahu and spent some time with them on the island of Maui also.

While on the island of Kauai the group had lunch with Rev. Lorin Messersmith and his lovely wife. The Messersmiths are now living in the Hannelai Valley (a luscious green valley) where the Reverend is an interim minister for three

months.

Funny isn't it, no matter where you go, there is always someone from Antioch.

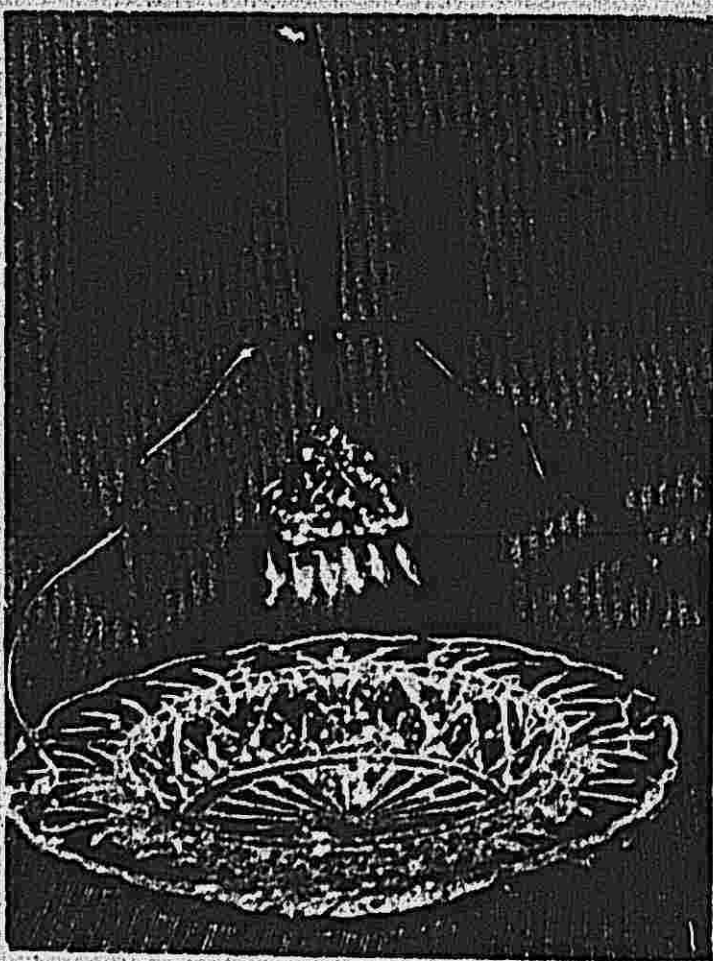

Birthday greetings this week go to Lynne Sterbenz on the 23rd, Sherri Abear on the 24th, Chris Pionke on the 25th and to Bernie Gutowski, Sr., Andy Proctor and Diane Wagner on the 26th, to Carol Boston and Bernice Lupa on the 27th and to James Gutowski and Peggy Van Patten who celebrate on the 30th.

See ya at the parade, Annie Mae

From Our Readers

Dear Sir:

This is an answer and in no way is meant to slander anyone, but to enlighten them and the public as to the facts of the Punt, Pass and Kick event which was held on a Sunday morning at the convenience of the people involved in managing the event.

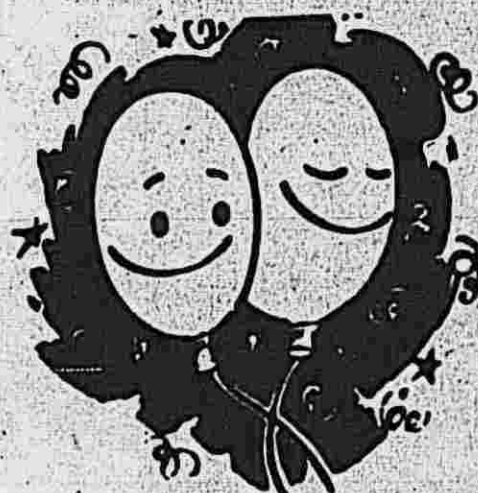

Wouldn't it be great if everyone worked five days a week? But then what about the service available to the working people the remaining two days? The supermarkets, department stores, public transportation, shopping centers, gas stations and car dealers to name a few.

I'm sure there are very few people who don't avail themselves of some service on a Sunday, and this event was scheduled nationwide for that weekend. In fact, the football field was not available to us on that Saturday due to the games scheduled, so, therefore, it was held on Sunday morning. Some of the people who participated in running the event worked immediately after it was over. This was a voluntary service on their part with no gifts or payment other than the excited smiling faces of the children.

We hope this clears things up a bit for everyone concerned.

We are not in competition with the Lord and don't feel that those who entered the event are less aware of the importance of Church than those who did not enter.

Mini Schoolers Ponder Antioch's Future

What do you think Antioch should look like in the future?

This is a question being asked by many of the seventh graders at Antioch Upper Grade School as part of a mini-school on Village Planning. Since a village plan is one of the main concerns of the village government now, the four seventh grade mini-school teachers, Paul Epner (Science), Gale Guthrie (English), Ken Anderson (Social Studies) and Rick Herdliska (Math) felt this would be a relevant and significant topic for research.

The students will be learning about principles of village design and how they pertain to

the village of Antioch. Students will be doing investigations into the areas of population, transportation, economics, industry, recreational facilities, tax structures, political structure, sewage and sanitation, utilities and much more.

They will be applying this knowledge to isolate the problems of Antioch as they exist now and will attempt to come up with some independent solutions to those problems for the future.

The students will be survey-

ing residents through a survey in the next issue of the Antioch News and through on-the-street interviews.

Bruce Christiansen, Antioch Village Planner, will be speaking to the students and providing more information.

Lake County Wins Federal Law Enforcement Grant

Congressman Robert McClory has announced from Washington the approval of a \$200,000 grant to the Management Services Department of Lake County for application of a Computer Technology Transfer Program.

In announcing the Law Enforcement Assistance Administration Grant, Mr. McClory praised Lake County Board Chairman Ron Coles, Committee Chairman George Bell and the Director of the County's Management Service Department Jerry Klebe.

The grant will enable Lake County to develop techniques and standards for information transfers relating to the Law Enforcement and Criminal Justice Systems in Lake County.

It is expected that the program to be established by the Lake County project will serve as a pattern for similar programs in technological transfers for other areas throughout the nation.

Old Farmer's Riddle: What is never out of sight? (Answer below.)

Ask the Old Farmer: I knew an old sailor long ago who always kept the bottom of his drinking cup covered with rusty nails. I often wondered why. Also people ashore used to put a quahaug shell in their tea kettles. Will you please tell me why? J.M., Springfield, Mass.

Plenty of old-timers believed that iron was good for a person, even in the form of rust. Shells in the kettle was to add a little lime to the water and keep the kettle clean.

Home Hints: When painting, put brush or roller in a plastic bag during interruptions. It will keep paint from drying and hardening brush or roller . . . **Riddle answer:** The letter S.

CHANNEL LAKE CHATTER

Marie Hucker and her sons George, Jack, Tom and Tim and their families would like to thank everyone in our community who helped them with their acts of sympathy food donations and served the lunch when they lost their husband and father Edwin 'Ted' Hucker and his sister Mrs. Corrine Radke.

Stephanie Martin of Lake Forest, Ill. became the bride of

John Bjork on Oct. 12 at the First Presbyterian Church in Lake Forest. Stephanie, who is the daughter of Mr. and Mrs. Robert Martin, and John, who is the son of Mr. and Mrs. Donald Bjork of Channel Lake, greeted their guests at a reception at the Martin home on Deerpath Rd. The newlyweds are making their home in Carbondale, Ill. where John is attending graduate school.

After the reception some of the family and friends continued the celebration at Paty's Lounge where they danced into the wee small hours of the morning.

Mrs. Agda Frozeth is a patient at Victory Memorial Hospital following gall bladder surgery. I'm sure cards and calls from her many friends would be appreciated.

Let me know the news.

Knights of Columbus Aid Mentally Retarded

The fifth annual campaign of the Knights of Columbus on behalf of the mentally retarded of the state of Illinois is scheduled Nov. 1 and 2.

Last year's campaign resulted in nearly \$330,000 being distributed to 287 organizations actively engaged in services to the mentally retarded. Robert Berg, Grand Knight of the Antioch Council, said his members will be on the streets selling candy on those days.

Convinced that known causes of retardation should be attacked, the State Council of the Knights of Columbus has purchased a mobile lead detection unit for the Illinois

Association for Retarded Citizens. The unit will be used in all areas of the state to determine the lead levels in one-to-six year old youngsters. Since lead poisoning is recognized as one of the causes of mental retardation, it is believed that early detection may eliminate or minimize its effects.

Appreciative of the efforts of the Knights of Columbus to help others, Governor Dan Walker has proclaimed Nov. 1 and 2 as Help Retarded Citizens Days. "I suggest that all Illinoisans assist the Knights in this program to help the afflicted," the governor said.

St. Peter's Plans Dinner-Dance

Plans are in the final stages for St. Peter's 6th Annual Thanksgiving Dinner-Dance. Committee for the event includes: Dr. John Boarini, chairman; Richard Daniel and Father Johnson, co-chairmen; Daniel Dugenske, ad book.

Tickets are on sale at the First National Bank, the State Bank, the Antioch Savings & Loan and also the Rectory.

A committee headed by Hank

Apostol is busy making the decorations for the Social Center.

The dance will be held Nov. 9, a Saturday. The evening begins at 6 p.m. for cocktails, 7 till 9 dinner, and at 9 dancing to the "Board of Directors." Price of tickets is \$15 per couple.

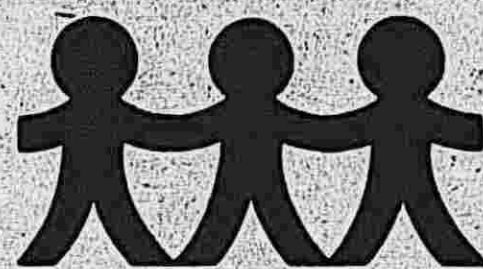

Proceeds from the dance are given to St. Peter's Grade School.

Symphony To Open 18th Season

When Conductor Victor Aitay lifts his baton Nov. 1 he will be launching the most ambitious season in the 18 year history of the Forest Symphony.

The opening program, Nov. 1, will feature a performance of Mendelssohn's "Midsummer Night's Dream" by Mary Michell who was cast in the same role in a performance by the Chicago Symphony Orchestra at Ravinia. Augmenting the Orchestra will be sopranos Sarah Beatty and Carol Cornelisen; the Group for... Chorus under the direction of Gary Stuart and the Baritone Singers with Janice Zicarelli, director. The program will conclude with Schubert's Symphony No. 8 (The Unfinished).

All concerts of the symphony are held in the intimate Drake Theatre of Barat College in Lake Forest.

Smash Hit For ACHS Drama Club

"The Effect of Gamma Rays on Man-In-The Moon Marigolds" is a superb drama in two acts, depicting the psychological responses of a mother and her two daughters in our present age of advanced science and technology. The author has clearly described the strengths and weaknesses of the three leading characters in his play.

Beatrice, the mother, is very emotional and high-strung woman who is afraid of both the present and the future and has a strong tendency to reminisce about the past. Her emotions, because of her own inhibitions projects a negative influence in

the environment of her two daughters.

Ruth, a daughter, is beset with an epileptic condition which frequently makes its appearance when she is put into emotional pressures mainly imposed by her mother.

Tillie, surprisingly, emerges as the strongest character in the play and exhibits a high intellectual scientific plane along with compassion and humanism.

The author has done an excellent job in establishing a most unique plot which has never been duplicated before by any other author.

You can see this interesting drama, which will be presented by Antioch Community High School studio theatre class, on Nov. 1 and 2 at 8 p.m. Admission is \$1.25 for adults and \$.75 for students.

PM&L Musical Ends This Week

Day Care Programs

By SANDI CHRISTMAN

The new slate of officers for the Lindenhurst Women's Club has been elected. Mrs. Carole Johnson is president; Mrs. Fran Priory, vice president; Mrs. Due Paehlin, Treasurer; and Mrs. Gail Petterec, secretary. This year's executive board will consist of Mrs. Sharon Bunkelman, Mrs. Jeri Keane and Mrs. Peg Finley.

The program for the meeting was a demonstration of self-defense by Mrs. Toni Blair. Mrs. Shirley McElligott received the Pot-O-Gold for the night.

DON'T FORGET the Lindenhurst Men's Club's Halloween Dance on Saturday at the Civic Center. The Scotch Lads will be playing and there will be refreshments and prizes for the best costumes.

The Men's and Women's Club Halloween Party for members' children will be Thurs., Oct. 31 at 6 at the Civic Center. There will be prizes for costumes starting with the youngest ages first. Club members should get their children there early so they don't miss any of the fun.

Ray Parpan is organizing another public service for village residents. Mr. Parpan and the older boys from the Little League are organizing an "Operation Show Shovel" volunteer service for the elderly, handicapped and heart patients in the village. The service suggests a telephone call to Mr. Parpan by any elderly or handicapped resident or heart ailment patient requesting the snow shovel service. Mr. Parpan will then contact one of

his boys who will do the necessary shoveling for free. Mr. Parpan's telephone number is 356-2286.

IF YOU LIKE wines and cheeses or wish you knew more about them, this is for you. The Citizen's Recreation Committee is offering a wine and cheese tasting party to village residents for \$2 per person. The date will be Nov. 15 at 8 and registration is at the Village Hall.

There will be door prizes and it should be informative. A representative from Foremost Liquors will answer questions about various wines. The party will be held at the home of Mr. and Mrs. A. L. Paul of 428 Northgate, Lindenhurst, and registration will close on Tues., Nov. 12.

SPRINGFIELD, ILL. — State Representative Adeline J. Geo-Karis (R-Zion) announced today that there will be a public hearing of a special legislative committee to hear testimony on Day Care Programs in Waukegan on October 16.

The hearing will be held in the Waukegan County Hall, 106 North Ulica Street at 9:30 a.m.

The committee, a sub-committee of the House Human Resources Committee, chaired by State Representative John Groberg (R-St. Charles), is acting pursuant to House Resources 729 which calls for a thorough legislative study of the state's programs in regard to services to children who are wards of the state.

The Waukegan hearing will deal with Day Care Programs, particularly licensing procedures, rates, standards and funding.

All Day Care agencies are invited to send a representative to testify before the sub-committee and testimony from the general public will also be accepted.

For further information contact Paul Costello at the House of Representatives in Springfield at 217-782-5383.

CHRISTIAN SCIENCE CHURCH

In the Bible in St. Mark 1 we read how Jesus healed the leper. This is brought out this week in the Lesson-Sermon entitled "SOCTRINE OF ATONEMENT" and will be read at Christian Science church services Sunday.

From **SCIENCE AND HEALTH WITH KEY TO THE SCRIPTURES** by Mary Baker Eddy we read: "Divine Truth, Life and Love gave Jesus authority over sin, sickness and death. His mission was to reveal the Science of celestial being, to prove what God is and what he does for man."

Services at First Church of Christ, Scientist, BEACON HILL, Rt. 173 and Harden, Antioch, Illinois begin at 11 a.m. Care for children is provided.

There has been much discussion about the possible harm from airport x-ray inspection devices in operation at most major airports. Officials have

been monitoring these devices with wrist badges on the people who operate them, and not one instance has been found to show evidence of detectable radiation.

Of great concern to animal lovers are the results of x-rays on their pets. Pet carriers should NOT pass through the x-ray check, but it should also be known that the x-ray is 100 per cent harmless to man or beast. Some x-ray machine operators might not be aware of the ruling on No X-RAY for pets.

The dose of radiation delivered by the machine to anything passing through it (the puppy, for example) is three to five micro-Roentgens. Compare that with the following and one will see why it is harmless:

1. An aircraft cruising at 30,000 feet is subjected to 10 micro Roentgens per minute. Therefore, the puppy going through the machine received radiation equal to what it received from atmospheric or natural radiation in 35 seconds of flight.

2. An ordinary chest x-ray subjects the patient to 0.05 Roentgens. Therefore, the puppy would have had to go through the machine 10,000 times to receive the radiation equivalent to one chest x-ray.

These facts ought to be known by all travelers. You as a passenger should be aware that the machine cannot hurt them, or pregnant women, puppies, guppies or any other form of life. With the coming of holidays, many of you take your pets along so now you know - NO PROBLEM. Happy traveling.

Clever Clovers 4H News

The Clever Clovers 4H Club began the year with some pretty ambitious plans. New officers were elected, and they are: president, Marsha Fallon; vice president, Mike Fallon; Secretary Lorna Whitton; treasurer, Shirley Fosmark; and reporter, Lori Rush.

New members are Dawn and Gary Quendenfeld.

They have picked their projects, laid out their calendar for the year, and have chosen Sweden for their People to People project.

This year they had a display at the State Bank and the Antioch Library for National 4H Week. A successful 4H Pancake Breakfast was held at the First National Bank on Sun., Oct. 20.

Visitors Invited To Grass Lake School

William Hart has invited parents to visit the Grass Lake School as part of the observance of American Education Week on Mon., Oct. 28, and Tues., Oct. 29, during school hours.

The theme this year is "Stay

Involved in Education Today -- You'll be Glad Tomorrow," and Mr. Hart considers this an important role for parents at anytime. Guests are asked to sign the guest book in the office and receive instructions to

facilities they wish to visit.

Lunches will be available to visitors and they are asked to contact the school office by 10 a.m. on the morning they plan to visit if they wish to eat lunch.

Guests will be asked to complete a brief questionnaire at the end of their visit to help give the school direction on the programs, activities and needs of the community.

It's Homecoming! Sequoits Want To Reward Fans

Yes, this may be the Saturday that Antioch's Sequoits have been waiting for.

It's Homecoming and their football rival will be a tough

defensive team, the Stevenson Patriots.

The combat begins at 2 p.m. at the Antioch field.

Stevenson comes here with a 2-5 record, having lost four of its games in close, low-scoring affairs with tough teams.

The Pats won't be an easy opponent.

BUT ANTIOCH appears ready to win. The Sequoits almost did it last Saturday at Grayslake before they were turned away, 13-12.

Antioch now has a 1-6 victory and wants this win badly.

Defensively, the Sequoits will have to stop Stevenson quarterback Greg Keller and his favorite target, halfback Tom Halford.

Offensively, they must show more of the renewed toughness they displayed last Saturday at Grayslake.

THE SEQUOITS charged right out and took a 6-0 lead in the first quarter as Mike Jones crashed off tackle for 18 yards and a touchdown.

But Grayslake's shotgun offense passed for two touchdowns in the second quarter and Antioch was trailing 13-6 at the coffee break.

Then with less than three minutes to play, Antioch almost won it. Quarterback Jon Bodin passed to Jerry Popp who broke a tackle and went for a 53-yard touchdown. That made it 13-12. The Sequoits decided to go for the two-point conversion and win the game, rather than settle for a tie and an overtime. But the rollout pass failed.

THERE WERE bright spots in defeat. Tim Shepperd ran for 77 yards in 13 carries and Jones for 36 in 14. Bodin connected on six passes, three of them to Popp.

Coach Roy Nelson said Frank Pleviak did a super job on defense again, along with Terry Lear. Both intercepted passes again.

The coach also singled out the defensive play of Dave Kisner and the blocking of Chuck Smith and Ed Gromola.

"You have to take your hat off to these kids for the way they came back," the coach said.

LARRY ELLIS, the 113-pound placekick holder, suffered a broken ankle in a pile-up. "He's lost for the season, but he showed us a lot of courage," Coach Nelson said.

Defensive halfback Dennis Varney also was hurt, possibly a broken nose, and might not play this week.

Three conference teams now have 6-1 records. Two of them will clash this Saturday, Grant and Wauconda. The other, Warren, is expected to win at Grayslake Friday and boost its record to 7-1.

Antioch Sophs Win Again

The Sophomore Sequoits of Antioch High School made it two wins in a row last weekend.

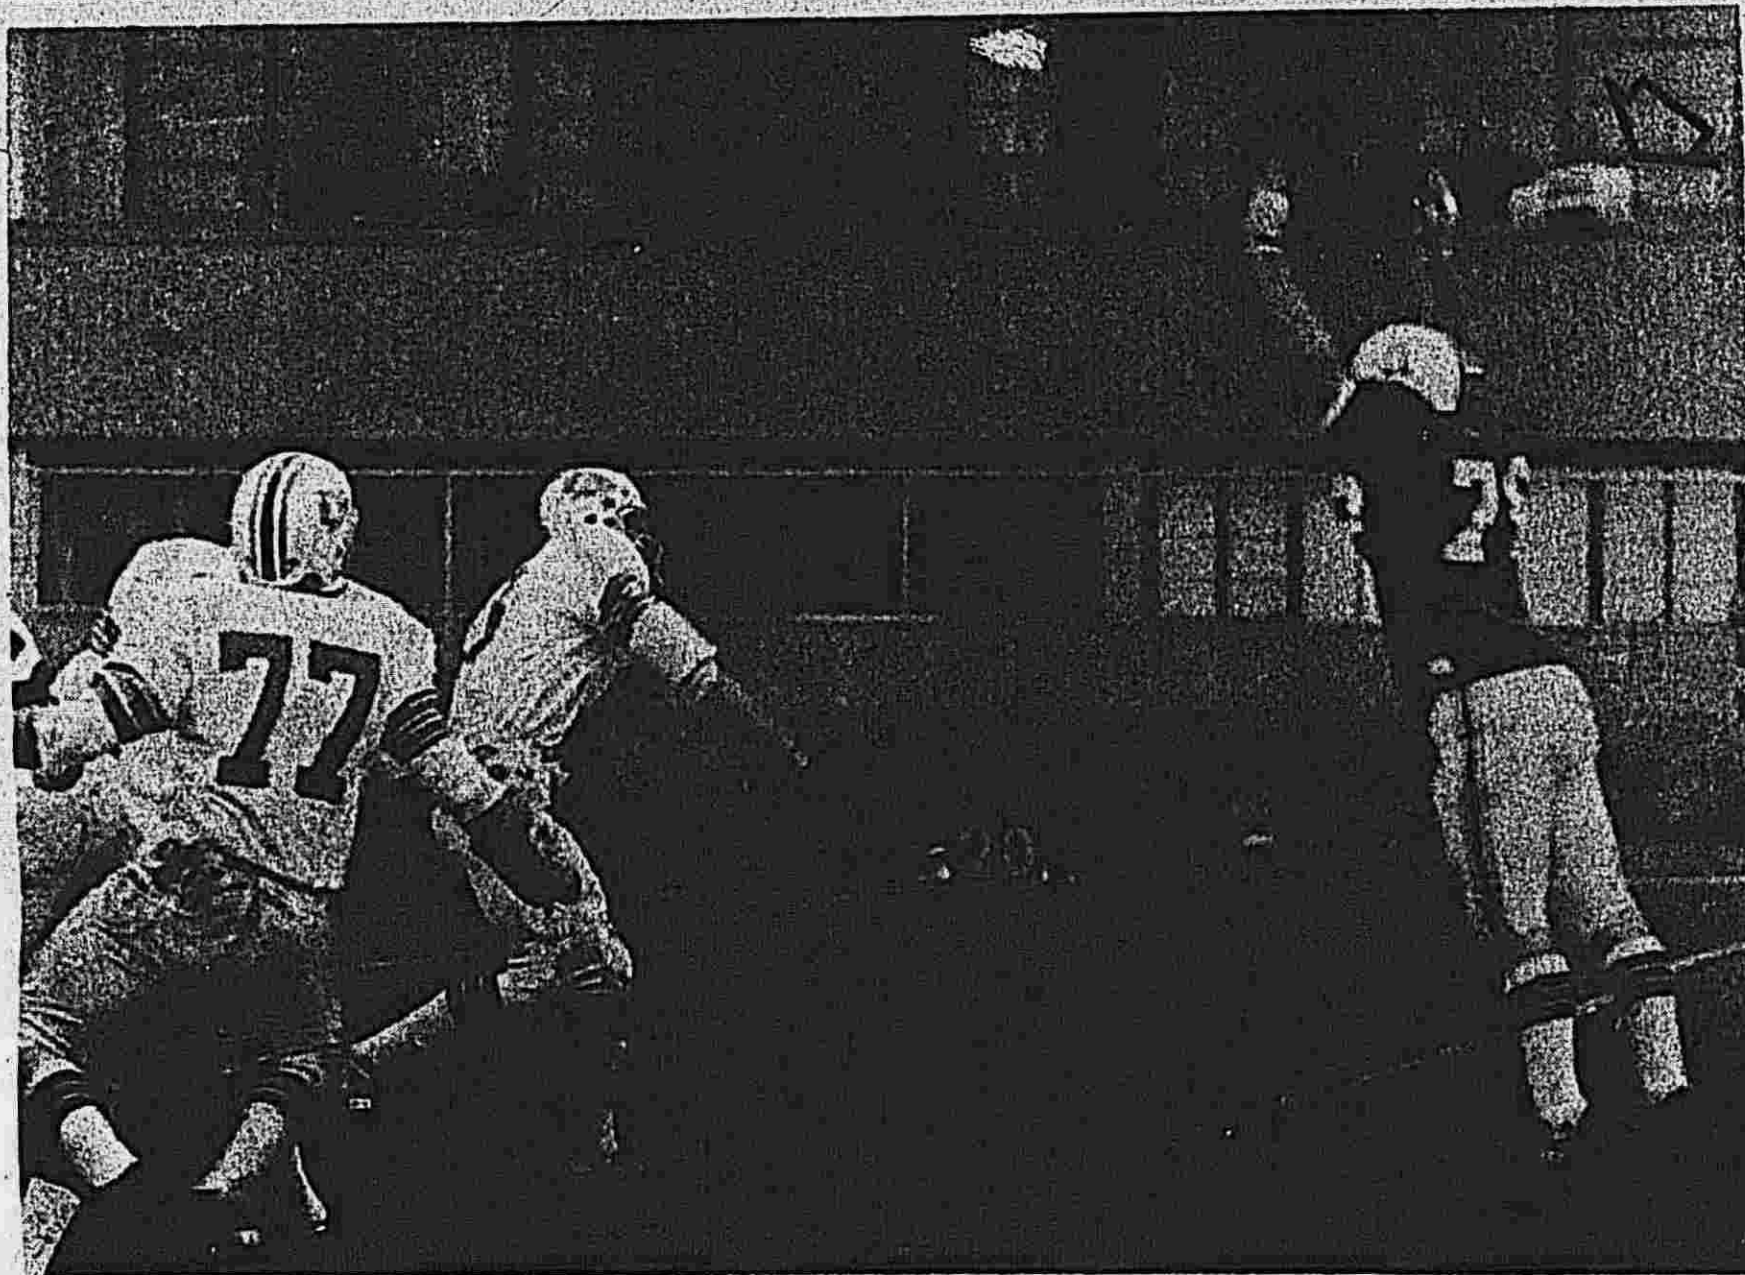

They raised their won-lost record to 4-3 with a 13 to 6 victory over the Grayslake Rams.

Wally Walrath scored both of Antioch's touchdowns with runs of 29 and seven yards, behind key blocks by Dave Scheiber.

They young Sequoits dominated the first half, holding Grayslake to one first down.

The second half was marred by fumbles and interceptions as the offense failed to recover from the loss of quarterback Brian Andrews, who was ill and didn't play after the intermission.

The sophs have now played at three homecomings, winning them all. This Saturday is their homecoming as they play the Stevenson sophs at 12 noon.

"Viking" Ice Hockey Try Outs

The "Viking" ice hockey teams will be conducting tryouts for interested players beginning on Oct. 19 at Lake Forest College, the Vikings home rink.

Teams will be formed in the Mite, Squirt, Pee Wee, Bantam and Midget age classes for players from age 6 through 16. Players living in most of Lake county are eligible to play on the teams.

The Vikings are AA class hockey teams and compete in the Northern Illinois Hockey League. 36 games are included in the League schedule which begins on Nov. 1.

Antioch 2nd In Conference X-Country

The Antioch High School cross-country team just missed winning the conference championship last Saturday.

The Sequoits placed second behind Woodstock in the Northwest Suburban meet held at Fox River Park in Wilmot, Wis.

Points in the conference meet and points won in earlier dual meets determined the champion. Woodstock finished with 41 points to Antioch's 40.

Cary-Grove was third and the other seven teams were strung

out behind.

A WOODSTOCK runner, Tony Magdaleno, won last Saturday's three-mile conference jaunt. He set a new course record of 15 minutes and 25 seconds and was followed into the finishing chute by a teammate, Lloyd Kulisek.

Coming home third was Antioch's Mike Harland, and his teammate, George Pierce, was a close fourth.

Kevin Walpole of Antioch took sixth, Jim Grippando 13th and Bob Dubek 23rd.

Frosh Win 4th in Row

Antioch's Freshman football team continued its winning ways with a 30 to 0 triumph over Grayslake last Friday. It was the fourth victory in a row for the young Sequoits, and the sixth game in which the defensive team shutout the opponent. The defense has been scored upon only three times, all in the Warren game. The team is now in second place in conference standings with a 5-2 record.

After a scoreless first quarter, Antioch struck early in the second period on a 30-yard pass from Tom Dixon to Tim Huebner. Dixon ran for the 2 point conversion. Later the same period Tom Huebner plunged four yards for a touchdown. The score was set up by a blocked punt by tackle Mark Berthold who also recovered a Ram fumble in the game. Dixon again swept in for the 2 point conversion.

In the third quarter Rick Brown scored on a 35-yard pass from Kenn Rosenbrock on the

Conference Meet Next For Golfers

Antioch High School golfers will play their conference tournament next Monday at FoxLake Country Club.

In recent matches the varsity lost to Zion by two strokes, then won two in a row - beating

Harvard by six shots and Round Lake by 20.

Pat Houghton and Dan Donica had 44s against Zion, then Houghton shot a 45 against Harvard and a sizzling 38

against Round Lake. Jim Christiansen followed with a 42.

Antioch's Jayvees defeated Round Lake as freshman Keith Rezin came through with a 41.

BOWLING TOURNAMENT WINNERS

THEY RECEIVED their prizes Saturday for high games in the Twin Lakes Recreation bowling tournament. Rich Buehrer (left) won an \$80 sport coat at BJ's Fashions for Men for rolling a 253 game. In the center is Edward Zima, tournament director, and at right is Roger Aronson, salesman at BJ's.

WINNING a new women's outfit at Four Squires was Mary Miner of Kenosha (center) who bowled a 200 game. At left is tournament director Edward Zima and at the right is Jack Siegmeier, store manager at Four Squires.

New Champion Forecaster: Mike Harvey!

Antioch has a new champion football forecaster this week.

He's 19-year-old Mike Harvey, an Antioch High School graduate who now works for Commonwealth Edison.

Mike said that Grayslake would beat Antioch 19-13. The final score was Grayslake 13, Antioch 12.

That's the closest any of the contestants came, so a \$15 check is on its way to Mike Harvey.

His dad, Jim, helped him pick the score. And earlier in the season Jim placed third in the contest, winning a \$5 gift certificate at BJ's Fashions for Men.

Second place in last week's contest went to Scott Kimball of Lindenhurst, who picked Grayslake to win by 20-13. He wins a \$10 savings account at the State Bank of Antioch.

Third prize was a \$5 gift certificate at Wilton's Electric

and there was a tie for that one. Both Shayne Schroeder of Lindenhurst and Alan Gussarson of Antioch picked Grayslake by 20-12.

Alan won the \$5 gift certificate on Monday night in the tie-breaker, when the Chicago Bears beat the Green Bay Packers 10-9. Shayne had picked the packers 16-14, which wasn't too far off.

halfback option. Rosenbrock had set up the score on a nice run after a screen pass from Dixon. The last touchdown came on a 14-yard gallop by Alan Moore on a draw play. Rosenbrock tallied the point after touchdown to close out the scoring.

The strong defensive play by Antioch kept the ball in Grayslake territory most of the game. Only in the late fourth quarter did the Rams generate any offense. The threat was cut off when linebacker Jim Dituro intercepted a pass. Chris Ano grabbed a fourth Ram turnover when he recovered his own kick-off after the fourth touchdown.

Coach Norm Hahn again praised the offensive line blocking on pass plays. Credited with outstanding defensive play were Rick Motley, Berthold, Tom Huebner, Jim Dituro and Al Roth.

The next Frosh game is at Stevenson Friday at 4:30.

Field Hockey Makes Its Debut, Successfully

Field Hockey for girls became a new sport at Antioch High School this fall and Coach Christy Arendt called it "successful."

"We look forward to a bright future," she said. "Our team was primarily underclassmen—13 sophomores and seven freshmen—and we consider our record of one win, two losses and three ties a successful season."

Four of the girls, Sue Amundsen, Candy Bailey, Margaret Bessette and Kathy Murphy started every game. All

of the other members played in at least part of a game and many of them in three games or more.

Lori Haviland was high scorer with three goals. Kathy Murphy and Judy Bjork had two each and Debbie Popp one.

Other team members were Michelle Blanchette, Tammy Ester, Sandy Kessler, Kathy Nowack, Mel Smith, Mari St. Pierre, Melody Sweatman, Jo Vasek, Wynn Vos, Diane Walsh, Jill Vos, Cindy Irmen, Cathy Miller, Irene Nevitt, Kim Plotz and Debbie Rentner.

Super Container Game

By JERRY PFARR

Since I don't have football tickets for any of the big games you probably think I'm going to have a pretty dull weekend.

But don't worry about me. I'm sufficiently excited about another sports event — one of special interest to me (and others who are trying to get it included in the Olympic Games).

Maybe it's the Super Bowl that turns you on every year, or the World Series, the Kentucky Derby or the Masters golf tournament.

But I'm tingling with anticipation after just reading in the New York Times — from its London correspondent — that Cambridge and Oxford are getting ready for their annual tiddlywinks match.

THIS NOVEMBER CLASSIC is so important that Oxford has had its players insured by Lloyds of London for \$25 a thumb.

I assume that all of us were introduced to the sport of tiddlywinks as children but, unfortunately, we disregarded its "carryover value" and now — as adults — participate in less thrilling activities.

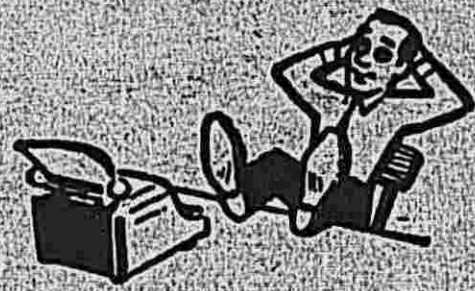

In the rare case that you aren't familiar with tiddlywinks, I suppose I should offer a quick rundown on how it is played.

First of all, each player is equipped with a tiddly — a flat disc about the size of a half-dollar — and several winks — smaller discs about the size of nickels.

The player holds the tiddly between his right thumb and forefinger (make that left thumb and forefinger if you're a southpaw) and presses it down on the edge of a wink. The wink pops into the air and, if propelled with the proper aim and velocity, lands in a container which is about the size of (if you'll pardon the expression) a shot glass.

Okay, so the first team to get all of its winks into the container is the winner.

the Pfarr Corner

OH, YES, IT'S ALSO important to know that each team has different colored equipment — "school colors," you know. For example, if the Packers played the game their tiddlys might be green and their winks gold. The Vikings, on the other hand, might have purple tiddlys and white winks.

You can see that this adds a lot of atmosphere. Why, in England, they even have bonfires and pep rallies preceding the big game. I can hear those cheers now:

"Oxford, Oxford, work out the kinks;
C'mon, Reggie, sink those winks!"

Because it is played in a small space, the sport is a natural for television. Coca-Cola wanted to sponsor it, via satellite, but discovered, darn it, that a wink wouldn't fit inside a "Coke" bottle.

And there's no place in tiddlywinks for scoreless ties.

THE CAMBRIDGE TRAINING CAMP is a pretty gloomy place. Oxford has won the annual match the last four years and the Cambridge coach is getting plenty of heat from the alumni. Oxford is a six-wink favorite in the back rooms where the betting takes place; and adding to the Cambridge woes is the fact that its star tiddler, Freddie Eynesford-Higgins, has been wearing a Band-Aid on his thumb. Whether or not he suits up for the match depends on the extent of his injury which, so far, has been cloaked in secrecy.

The Oxford camp likes to whisper that Higgins — who was a pre-season choice for All-British — has been lifting too many of late.)

Last year's match wasn't decided until the closing seconds. What a thriller! An Oxford substitute, who wasn't even on an

The wink ricocheted off a Cambridge player's beanie, then caromed off Princess Anne's car (which just happened to be speeding past the playing field), took a couple of bounces and plopped into the container.

"By Jove, what luck!" gasped a Cambridge fan. But Armstrong-Jones (no relation to the photographer) handled that insinuation with super savoir-faire:

"I say, old chap, I played it that way, you know."

Free Diabetes Blood Tests

St. Therese Hospital will join with some 90 other hospitals throughout northern Illinois to offer free blood sugar testing during Diabetes Detection Week, Nov. 17-23. The program is part of a nationwide effort to discover the "hidden diabetic."

The tests will be given without charge from 9 a.m. to 2 p.m. on the above dates as a service to the community by St. Therese Hospital. To make your appointment for the test call 688-6530. Appointments must be made prior to Nov. 17.

It is important to eat regular meals for three days before the test. On the day of your appointment, eat one of the following prescribed meals two-hours prior to arriving at the hospital laboratory for your test. Breakfast should consist of one cup of orange juice, one cup cereal, one cup milk, one tablespoon sugar, two slices toast, one tablespoon jelly, one egg (if desired), and coffee without caffeine.

Or, if you plan to have the test two-hours after lunch, it is suggested you plan your noon-time meal to include: one cup orange juice, sandwich made with two slices of bread and any filling desired, one serving of pie with ice cream or cake with ice cream, one cup of milk or a soft drink (not diet type).

To assure the accuracy of the test, it is important that you not eat, drink (other than water), or smoke after the meal and arrive at the hospital laboratory a few minutes early to complete an information form.

PUBLICITY DEADLINE IS MONDAY NOON

Because so many clubs and organizations are submitting publicity releases on Monday afternoons and Tuesday mornings, the Antioch News is having trouble squeezing all of the information into the newspaper. So once again we must strictly enforce our deadline of Monday noon for publicity releases. And, for best results, it would help if you got them to us on the previous Friday. Thanks for your cooperation.

LEGAL**NOTICE TO BIDDERS****OPEN DRAINAGE DITCH CLEANING
Antioch, Illinois**

Notice is hereby given that the President and Board of Trustees of the Village of Antioch, Lake County, Illinois, will receive bids at the Village Hall, 874 Main Street until the 4th day of November 1974 at 8:00 p.m. Central Standard Time, for the rental of excavation equipment, at which time and place the bids will be publicly opened and read. Bids will be acted upon at a later time and place as may be then fixed.

The equipment to be provided is as follows:

1. An earth moving machine of the "Grandall" type including an operator. The machine shall be capable of grading and shaping an open drainage ditch with depths up to 10 feet.
2. An earth moving machine of the "Drag Line" type including an operator. The machine shall be capable of grading and shaping an open drainage ditch with depths up to 10 feet.

The work to be done is as follows:

1. Grade and shape an existing drainage ditch, beginning at a culvert crossing Anita Street, approximately 460 feet south of Greenbriar Drive and terminating at the existing storm drain on the west line of Village Green Subdivision, approximately 160 feet of Greenbriar Drive. Said grading and shaping approximately 925 feet in length.

The bids to be submitted as follows:

1. Proposals shall be submitted by contractors on contractor proposal forms to provide equipment and an operator capable of performing the work listed. The proposal shall list the hourly rate of equipment and operator based on an estimated four (4) working days of eight (8) hours each.
2. The hourly rate will be paid on actual hours of working time.

No additional compensation will be allowed for move in, move out, greasing, or oiling time.

All bids shall be submitted in a sealed envelope to the Village Clerk on or before the time specified above.

Payment will be made in cash on the basis of approved hours worked and submittal of a Contractor's Affidavit.

The work shall commence within seven (7) calendar days after date of written notice to proceed.

The contractor shall pay labor employed on the work, not less than the prevailing wage scale as required by State Statutes.

The Village reserves the right to defer acceptance of any proposal for a period not to exceed thirty (30) days after opening of bids, and reserves the right to reject any or all bids, to waive informalities or technicalities in bid, and to accept the bid which it deems to be in the best interests of the Village of Antioch, Illinois.
